...achieving heaven's goal

THE POWER OF VISION

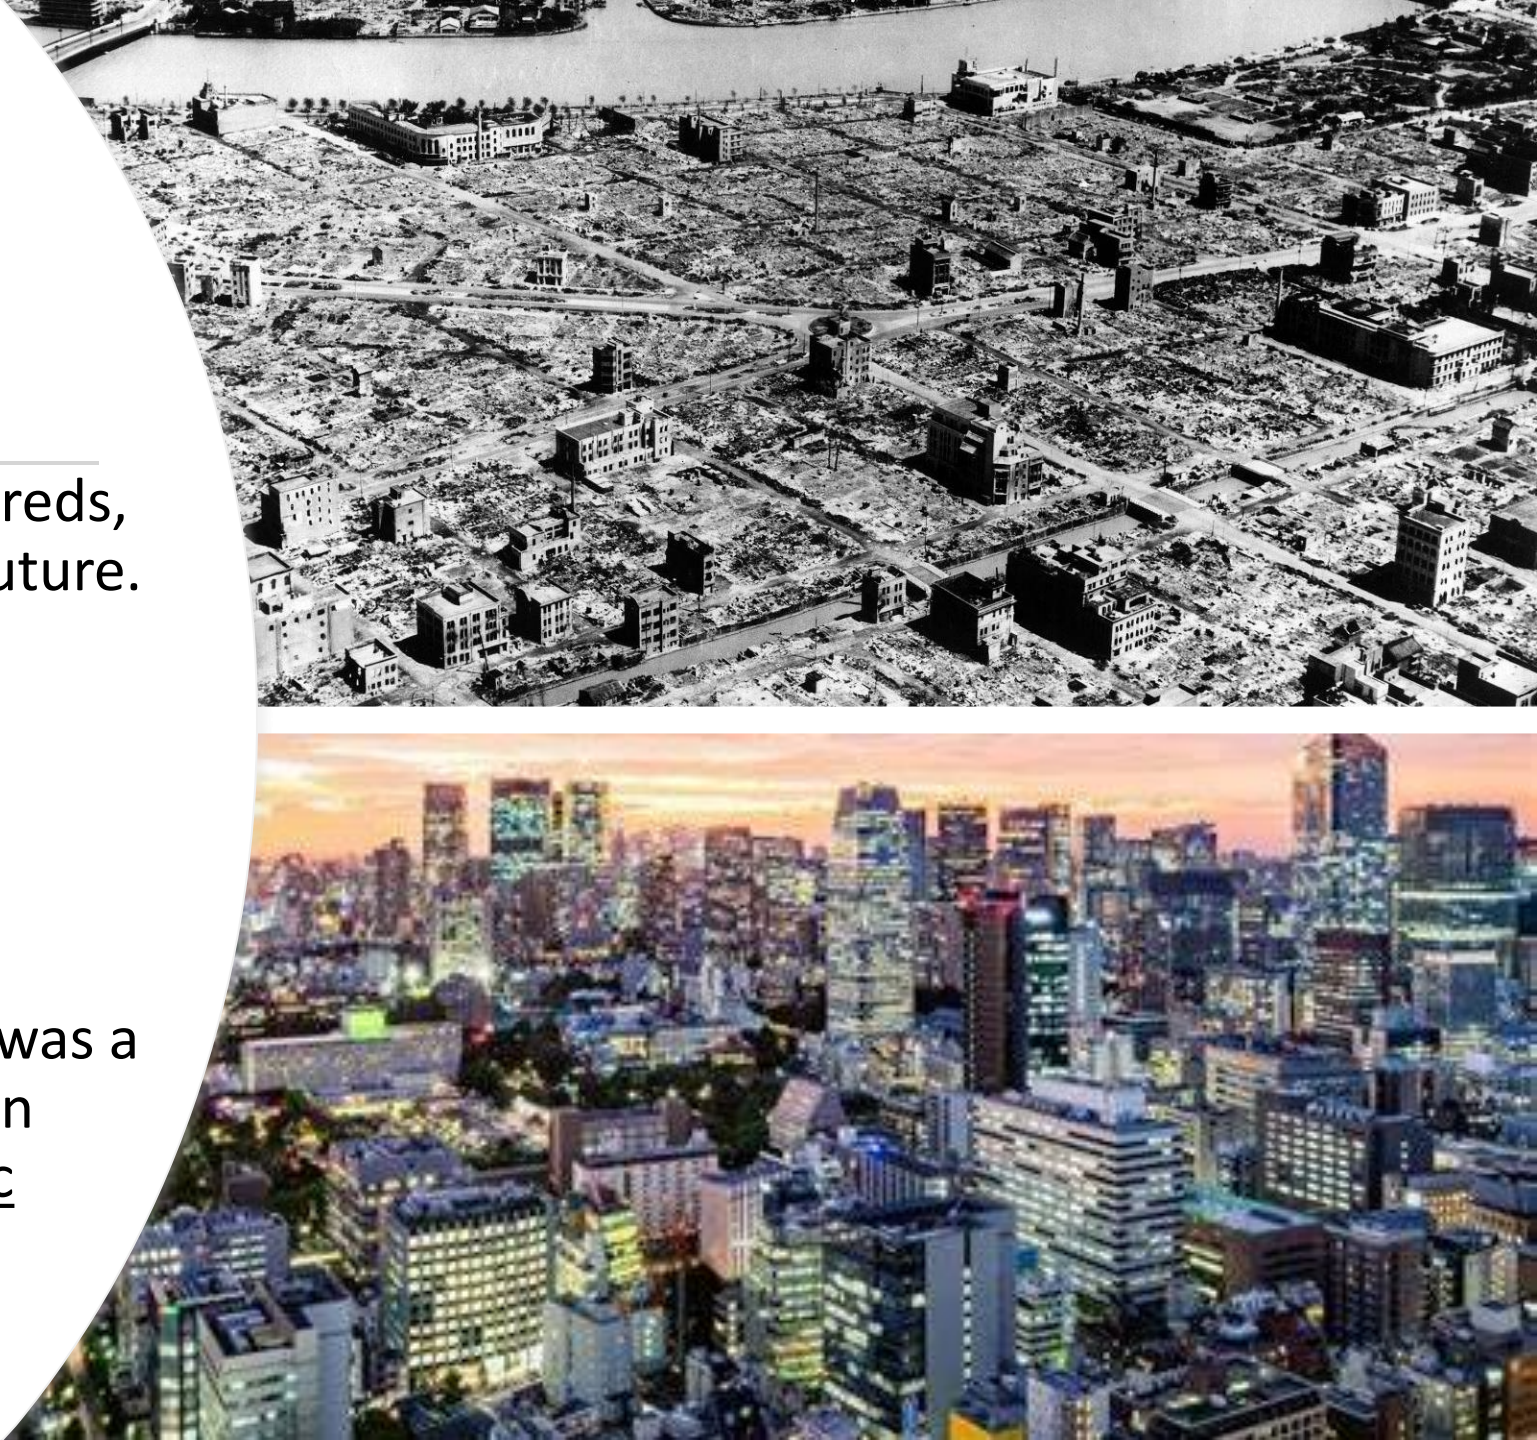

- Clear vision & specific goals always characterize a successful enterprise
- Nations rise and fall in accordance with the clarity or fogginess of their vision.
- Churches rise and thrive because of pioneer leaders with vision.
- Where there is no vision, nations, churches, families and individuals decay and perish.

...achieving heaven's goals

THE JAPANESE TRANSFORMATION

- After WW2, Japan was reduced to shreds, razed to dust, with bleak and blank future.
- With **visionary leadership** - vision on economic recovery, technological advancement, hardwork with iron determination - it's among the most developed in the world.
- Japan's economic growth after 1945 was a remarkable phenomenon that is often referred to as the Japanese Economic Miracle.

A vision is not just a picture of what
could be; it is an appeal to our better
selves, a call to become something more.
